

SCHEDULING + LOCATION

I shoot with natural and/or artificial light, so if we're shooting outdoors, it's imperative to schedule a session during a less intensely bright time of day, such as the early morning or late afternoon. My on-location shooting times vary each season and are influenced by the weather.

There are no additional fees for on-location shoots within the vicinity of the City of Los Angeles, including the Downtown area to Santa Monica, and from Hollywood to Culver City. Other nearby areas will also be considered. Outside this listed range, there will be an additional fee based on distance traveled.

In-studio shoots are also available. The studio is located near Downtown Culver City.

MAKEUP + CLOTHING

Makeup is not included. For women, I suggest contacting a makeup professional and arranging an appointment before the shoot, as this will improve the quality of your images. I have several recommendations I can offer if you need suggestions.

It's important to think about the overall style of the shoot, as this will determine what you will wear. I can offer suggestions and help guide you through the process.

FEES

I require a \$100 deposit at the time of booking. The remaining fee will be paid upon receipt of the photos.

DAY OF THE SHOOT

Make sure that you have an extra set of comfortable shoes on hand – there may be lots of walking! Also, it's helpful to bring a hair brush, extra makeup, and a compact mirror.

Most importantly, come relaxed! I work with my assistant, Jordan, who will hold the lights and make you smile. We take our work seriously, but we're fun!

AFTER THE SHOOT

The final number of images will vary depending on the shoot (the number can be anywhere between 30-500 final images).

All selected images are edited for artistic value and consistency. I do not release un-edited images.

All the images included in your package are in color, unless black-and-whites are more fitting or requested. There is no additional fee for black-and-white versions of selected images.
